## Report of School Board

Of Barnstead, N. H., for the year ending Feb. 15, 1911,

---

School has been maintained in ten of the schoolhouses in town as shown by the table, with an average of thirty-two weeks.

We failed to get the State aid and rebate for certified teachers expected, as the funds for that purpose proved insufficient to meet the demand of all the towns.

Ten school maps and six chairs have been purchased.

Repairs need to be made on the shed at the Dennett school house, also at the White Oaks and on the sills at the Berry school house. The following houses need painting:—Locke's Corner, North, Berry and White Oaks. The Centre school house needs shingling.

Although the schools have obtained results as great as in former years, we fail to see wherein there can be much advancement unless there is a willingness on the part of the parents to follow out the wishes of the Board toward any improvement.

Thanking those who are willing to co-operate for the good of all, this report is respectfully submitted.

ENOS GEORGE,

C. K. DAVIS,

ADDIE M. HUSE,

*School Board of Barnstead.*
